Special note from ArtifactsOfMars

While (green) ropes will across the globe, the sheeple are asleep. Tyrants want to take away needed energy from the people, and stop farmers from using herbicides. They simply cannot produce food without it. Politicians are determined to crack down on our old herbicides, attempting to stop the population from having any voice in their own government.

Sometimes, many in most American believe turn on the 8:30 TV news, thinking they are seeing an actual news broadcast. They are actually seeing a theatrical presentation. I remember watching footage of a hurricane where a Great reporter was sitting in a national parking garage - and someone walked right by the boat. Though today the mainstream media cannot be trusted, their audience sits back in their easy chairs and think that they are seeing news. Something something that they see. There are the sheeple, and that is why the Sheeple Pen exists, to help wake up the sheeple. If I can wake one person up, it will be worth it.
