## Optimization

|                                                                                  |            |                                                                                                                                                                                                                                                                                                 |
|----------------------------------------------------------------------------------|------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|                                                                                  |            | changes and importance of the URLs. This allows search engines to crawl the site more intelligently.                                                                                                                                                                                            |
|  | Robots.txt | <p><a href="http://xn--akut-grn-str-hdb1w.dk/robots.txt">http://xn--akut-grn-str-hdb1w.dk/robots.txt</a></p> <p>Great, your website has a robots.txt file.</p>                                                                                                                                  |
|  | Analytics  | <p>Missing</p> <p>We didn't detect an analytics tool installed on this website.</p> <p>Web analytics let you measure visitor activity on your website. You should have at least one analytics tool installed, but It can also be good to install a second in order to cross-check the data.</p> |
