- [H5] This remarkable vine from the Amazon rainforest is celebrated for its potent anti-inflammatory and antioxidant effects. Cat's Claw works deeply to soothe irritated prostate tissues, reduce swelling, and alleviate discomfort, which helps restore normal urinary function. Its ability to combat oxidative stress protects cells and supports overall prostate health, making it an essential component in the Prosta Peak formula.
- [H5] Known worldwide for its health benefits, Green Tea and its concentrated extract provide a rich supply of polyphenols and EGCG antioxidants. These compounds are critical for protecting prostate cells against oxidative damage caused by free

radicals. Green Tea also helps reduce inflammation, promoting healthier tissue function and reducing the risk of prostate enlargement. Its inclusion in both whole-leaf and extract form ensures maximum potency and effectiveness.

- [H5] Pygeum has a long history in traditional medicine as a powerful support for urinary and prostate health. It contains natural sterols and triterpenes that help regulate hormone levels, especially by lowering DHT, a hormone heavily linked to prostate swelling. Pygeum improves urinary flow by relieving pressure on the urethra, reducing residual urine volume, and alleviating symptoms commonly associated with benign prostatic hyperplasia (BPH).
- [H5] Raspberries bring a double dose of antioxidants, vitamins (such as vitamin C), and phytonutrients to Prosta Peak's formula. These nutrients support immune health and enhance microcirculation around the prostate, ensuring efficient delivery of oxygen and nutrients while facilitating toxin removal. The presence of ellagic acid and anthocyanins in raspberries also helps combat inflammation and protect cells from damage.
- [H5] Also called graviola, Soursop provides a unique profile of phytochemicals that exert strong anti-inflammatory and immune-boosting effects. It aids in calming chronic inflammation within prostate tissues and enhances the body's natural defense mechanisms. Soursop's contribution to the formula adds an extra layer of cellular protection, supporting long-term prostate health and overall vitality.
- [H5] Saw Palmetto is widely regarded as a cornerstone herb for prostate support. Included in a dual dose to maximize benefits, it blocks the enzyme 5-alpha-reductase, which converts testosterone into DHT. By lowering DHT levels, Saw Palmetto helps reduce prostate size and eases symptoms like frequent urination, weak urine flow, and nighttime awakenings. Its long-standing use and scientific backing make it a trusted and effective ingredient in Prosta Peak.
