- [H2] It may seem hard to believe, but there is a lot of truth behind the idea that a closed mouth is a closed destiny. As a creator, it is okay to be optimistic but if you do not submit your track for playlist consideration, how will record labels/radio stations/influencers and fans in your genre know you exist? Do you know that there are 27.98 mil musicians in the U.S alone? 2021 is gone. Do not make the same mistake others have been making.
